

Brief information about the project

Name of the project	«The Completion of Eurasia? Continental logistical convergence or regional diplomatic dissent»
Relevance	The relevance of the study is explained by the need to study various aspects of cooperation between Europe and Asia, to study in the new geopolitical conditions what we understand from Eurasia, is it possible to talk about any generally accepted concept of Eurasia
Purpose	The purpose of the study is to develop adequate mechanisms of a foreign policy strategy that can not only preserve and increase the foreign policy achievements of the Eurasian states
Objectives	<ul style="list-style-type: none"> - analyze various historical turns during the post-bipolar world, their influence on development and cooperation, on the growth of diplomatic, economic competition, on the intensification of conflicts in the countries of greater Eurasia; - the countries of Europe and Asia are waiting for a forecast analysis of that change in the context of global geopolitical changes; - define strategic areas for joint actions of the countries of Europe and Asia on the implementation of open regionalism and the formation of a regional agenda; - study the issues of creating new transit and transport routes, which in modern conditions can become an important prerequisite for the development of regions
Expected and achieved results	<p>An international conference was held on the topic of research;</p> <p>Published a collective monograph of authors from 44 countries of Europe and Asia in the publishing house Peter Lang, part of the Scopus database</p>
Research team members with their identifiers (Scopus Author ID, Researcher ID, ORCID, if available) and links to relevant profiles	<ol style="list-style-type: none"> 1.
