## COIL Trilogy

# Faculty-led collaborative online international learning (COIL), going out & coming in.

Learning beyond the classroom

# Faculty-led credit-bearing activities that encourage students to step out of the classroom and into the world.

# COIL Trilogy

Collaborative online international learning (COIL), going-out (NTU students studying abroad), and coming-in (hosting international students)

01

## NTU COIL

- Nanyang Technological University
- Kyoto University
- University of Tsukuba
- University of Glasgow

02

## Going out

The follow-up study abroad activities can provide NTU students with immersive global learning experiences.

03

## Coming in

Hosting international students can provide them with immersive global learning experiences.

# Club Exchange

## NTU Racing

Participating in the largest international student formula car racing competition in the Asian region, the Formula SAE Japan (FSAE-J).

## NTU Service-Learning in Northern Thailand (NTUSLINT)

With the concept of service learning, NTUSLINT has visited dozens of Chinese schools in the remote areas of Northern Thailand during the summer and winter vacations.

# Exploratory Learning+SDGs

With an emphasis on the importance of international perspectives and cross-cultural learning, students are encouraged to practice the SDGs abroad by proposing exploration plans, conducting research, or participating in competitions. This approach facilitates knowledge transfer worldwide, sparks innovation, and fosters the ability to solve global challenges.

Financial support :

- Individual: 30,000
- Team: 100,000

Duration: At least 2 weeks
