Politics of KazNU named after al-Farabi in the field of quality is mandatory for the management of the university and the planning of its educational, research and innovation activities. The university management must ensure the effective implementation of this Quality Policy by all university personnel. Each member of the university team bears personal responsibility within their competence for the quality of the work carried out, ensuring compliance with the requirements of the quality management system and constantly maintaining its effectiveness. Everyone should understand that the well-being of the university and the well-being of its employees depend on the level of customer satisfaction with the quality of our work.
